AdaptNSW End of Year Survey - Closing Soon

January 2026

Dear there,

Happy New Year!

As part of our 2025 wrap-up, we're taking stock of what worked and where we can improve. The AdaptNSW End of Year Survey helps us do that by capturing your feedback on our delivery of climate adaptation information, resources and tools.

The survey is closing soon, complete it today to have your say!

Your responses provide invaluable insights into how you engage with our services and how we can better support your adaptation journey.

To those who have already responded, thank you!

These early results are encouraging, and we want to ensure they reflect the full breadth of stakeholder experience. It only takes approximately 5-10 minutes to complete.
