

AdaptNSW 2023 Forum

Navigating uncertainty together

Hello,

We have some exciting news! The [AdaptNSW Forum](#) is back in 2023 at the Aerial UTS Function Centre in Sydney.

Delivered over two days in December, the Forum will connect adaptation professionals, and those interested in adaptation, to share ideas and tackle challenges together.

Venue: Aerial UTS Function Centre,
Sydney

Date: Monday 4 - Tuesday 5 December
2023

The theme this year is '**navigating uncertainty together**'.

The Program will bring together a range of multidisciplinary speakers to explore how we can navigate uncertainty through four sub themes: new narratives, systems transformation, scientific and cultural knowledge and managing risk.

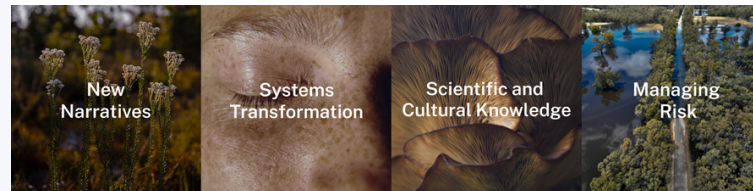

You've had your say and we've listened!

Building on the feedback from [last year's forum](#), content has been carefully curated to meet the interests of our diverse audiences and will be offered in a range of formats including plenary panel presentations, keynotes, breakout sessions and workshops.

This year, we'll be delivering content in a range of different formats. From plenary panel presentations, keynotes, breakout sessions and workshops.

Join us to acknowledge and embrace the uncertainty, collectively anchor ourselves, and chart a path forward together.

Please keep an eye on your inbox for upcoming program announcements.

Secure your limited place today

Regional Local Government Assistance

This year, we are offering 15 two-day tickets for regional local government staff. These places are for officers who would benefit from the professional development opportunity that the forum provides but are financially restricted from attending.

Head to [our website](#) for more information on how to apply.

Reminder - Local Government Climate Change Survey

All councils will have received the unique link to the survey. Please complete [the survey](#) by **13 October 2023** (extended deadline).
