AdaptNSW Forum 2024 Get the facts. Take action. Create a resilient future.

August 2024

Hello there,

Last year, we took Adaptation to Purpose and created an installation and online magazine to share information with the business and not-for-profit world.

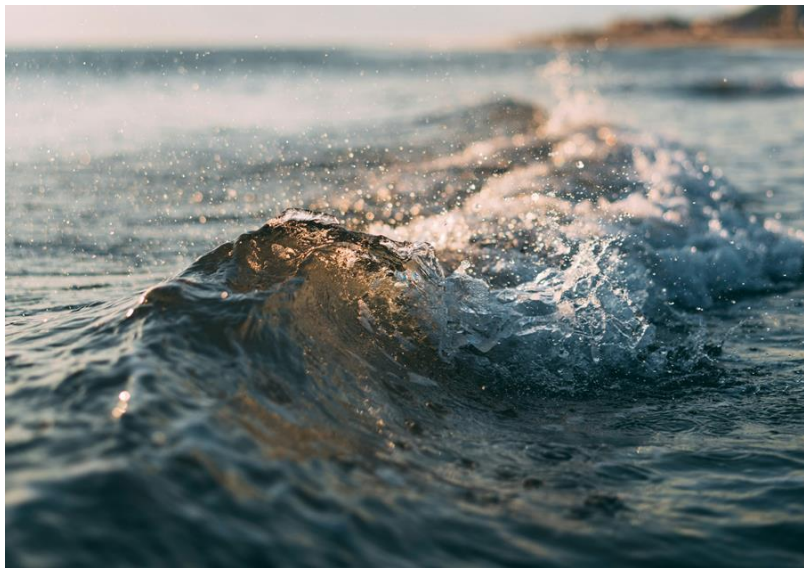

This year, we're excited to announce that Purpose will bring their unique brand of content curation and moment-making to the AdaptNSW Forum. Select sessions will be guest programmed by Purpose to share stories and skills of resilience, transformation,

justice and innovation from the community and business sectors.

The [2024 Forum](#) is dedicated to catalysing action. We're bringing climate change adaptation specialists together for two days of thought-provoking conversation and collective change making.

Join us from 29-30 October at The Roundhouse UNSW, on the lands of the Bedegal people.
